LIVINGSTONE MAGHENDA MAKOKO

Digital Marketer | ICT Technician | Clean Energy Entrepreneur
Kitengela, Kenya | livingstonemaghenda@gmail.com | Wazi Digital Agency

PROFESSIONAL SUMMARY

Results-driven Digital Marketer and ICT Technician with 3–5 years of experience managing social media, Google Business Profiles, branding, and digital marketing for Kenyan SMEs. Founder of **Wazi Digital**, an AI-augmented freelance agency. Trained in Clean Energy Entrepreneurship and building **Renewed** — an AI-powered Clean Energy OS for African solar companies. Experienced in network/hardware maintenance through industrial attachment at Kenya Ports Authority.

WORK EXPERIENCE

Founder & Lead Digital Marketer
Wazi Digital Agency — Kitengela, Kenya

2022 – Present

- Manage end-to-end digital marketing for 5+ SME clients: Greenlight Electricals, Elites Bookshop, Mwash Designer Boutique, Jirani Traders, Century Bookshop — from campaign planning to execution and reporting.
- Track campaign performance and engagement metrics across Meta, TikTok, and WhatsApp to inform content and spend decisions for each client.
- Conduct competitor and market research to shape client positioning and content strategy.
- Build AI-powered automation workflows using Make.com and AI agents to scale campaign execution.
- Create Google Business Profiles, branding assets, and content calendars.

ICT Technician (Freelance)
Self-Employed — Kitengela, Kenya

2021 – Present

- Provide hardware/software support, network setup, and IT troubleshooting for SMEs.
- Install and configure systems, peripherals, and office networks.

AI Data Annotator / Transcriptionist
Remotask — Remote (Freelance)

2021

- Delivered high-quality transcription, data annotation, and AI support tasks for global projects while maintaining strict quality and accuracy standards.
- Produced accurate transcription and data labeling outputs for AI training projects.
- Performed quality assurance to ensure consistency and compliance with project guidelines.
- Worked independently in a remote environment while meeting deadlines and performance targets.
- Applied strong research, analytical, and attention-to-detail skills to support data quality initiatives.
- Collaborated with distributed teams to deliver reliable results across multiple projects.

IT Industrial Attachment
Kenya Ports Authority (KPA) — Mombasa, Kenya

Oct 2024 – Dec 2024

- Attached to the Authority's Information Technology Division.
- Installed OS, Office 365, Windows 10, and configured SAP client.
- Performed hardware/laptop troubleshooting, printer setup, and structured cabling (UTP & fiber optic).
